

OLYMPUS[®]

Your Vision, Our Future

Endo**Therapy**[™]

Single Use Grasping Forceps

PolyGrab[™]

Advanced tripod configuration in a convenient single use design

Wide opening maximizes grasping capability in addition to an innovative ringed tip designed to minimize tissue damage.

Product Features

- Optimized for polyp and foreign body retrieval, the pre-sterilized, single use Polygrab has been designed to provide convenience and efficiency.
- The Polygrab's grasping section incorporates OLYMPUS' acclaimed tripod design, with wide opening prongs and ringed distal tips to ensure excellent retrieval capability.
- The ringed distal tips of the Polygrab's tripod prongs are designed to minimize tissue damage.
